

# INSTALLATION INSTRUCTIONS WALL MOUNTED RANGER BENCH

DOC REF: 442 ISSUE 01

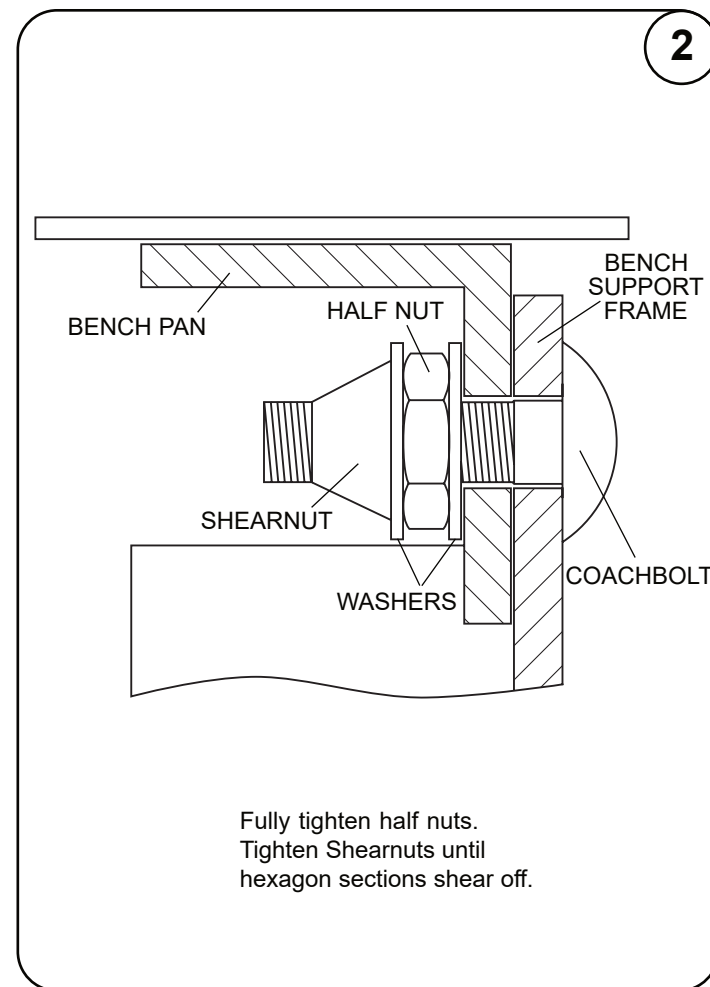

## CONTENTS

1No Bench Pan

2No Bench Support Frames

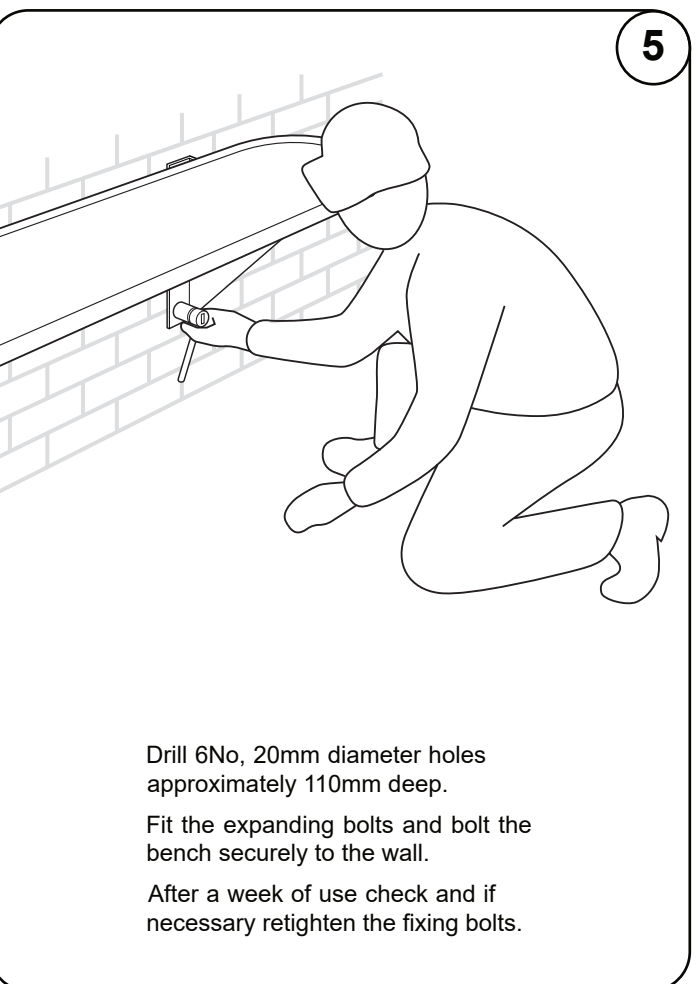

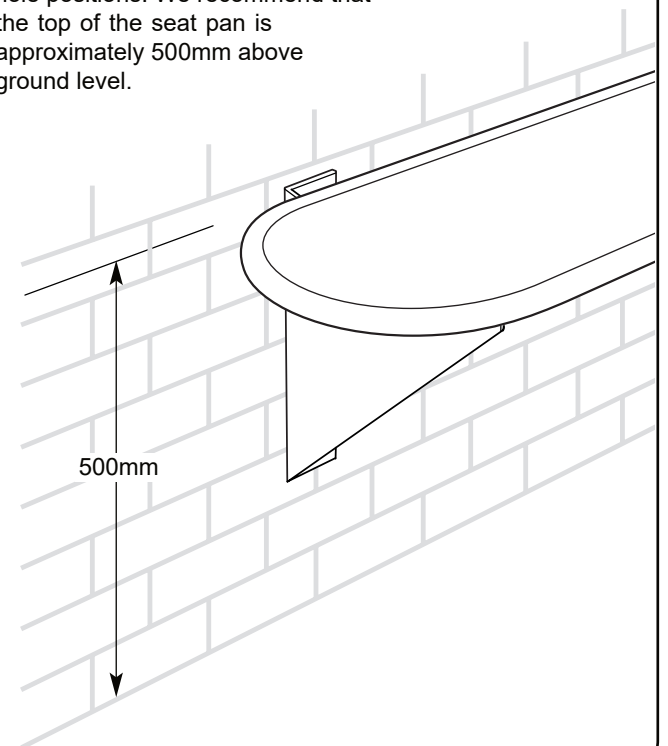

## Fittings:

Coachbolts and Shearnuts 4No, Expanding bolts 6No.

## FITTING THE BENCH

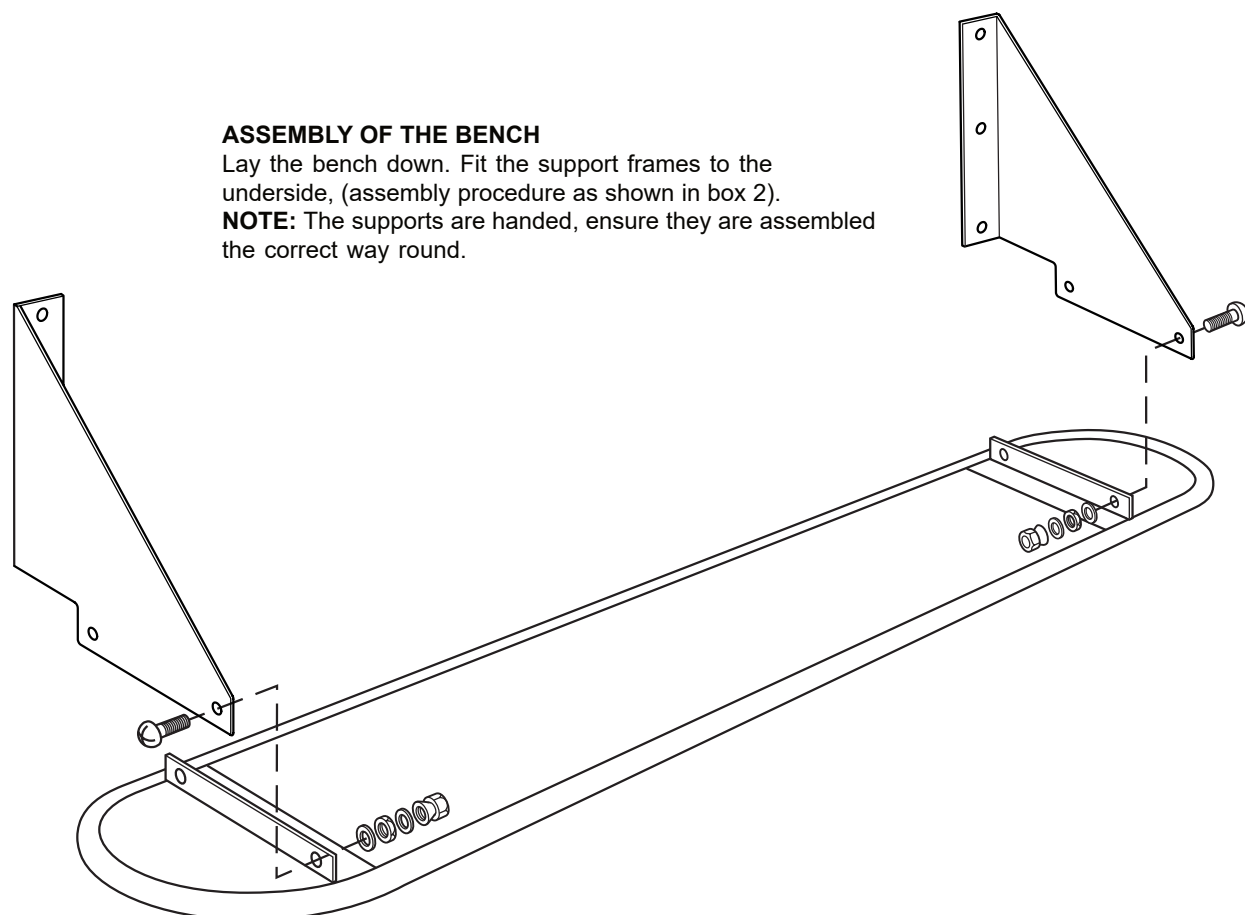

The bench is fitted to the wall using the expanding bolts supplied. Position the assembled bench against the wall, and mark the 6No hole positions. We recommend that the top of the seat pan is approximately 500mm above ground level.

## ASSEMBLY OF THE BENCH

Lay the bench down. Fit the support frames to the underside, (assembly procedure as shown in box 2).

**NOTE:** The supports are handed, ensure they are assembled the correct way round.
